Ingredients	C.A.S.	EINECS
White Petroleum	8009-03-8	232-373-2
Lanolin	8006-54-0	232-348-6
Vitamin A Palmitate	79-81-2	201-228-5
Vitamin D3	67-97-0	200-673-2
Quaternium-15	51229-78-8	223-805-0
Declaration	This product is genuine; it is developed and manufactured by E Fougera & Co. All the ingredients match the CTFA, the C.A.S. number and the EINECS Number.	

3. Danger Warnings	
Classifications Type	None Required
Risk Class	N/A
Health Hazards	Slightly hazardous in the case of eye contact (irritant), ingestion, and inhalation.
Physical-Chemical Hazards	May Cause Skin sensitization
Environmental Hazards	None Classified
Risk Period	None
Precautions	Avoid ingestion & contact with eyes

4. First Aid Measures	
Eyes	Flush eyes with plenty of warm water for at least 15 minutes, if irritation persists then seek medical attention
Skin	Remove by wiping the skin with soap and water
Inhalation	Remove patient to fresh air for treatment
Ingestion	If large amounts are ingested then seek medical advice

5. Fire Prevention measures	
Flammability	May be flammable at high temperatures
Combustion Products	None
Special PPE	None
Flash Point	N/A

6. Accidental Spillage Measures	
Measures to be taken	Can be cleaned with water, dispose of cleaning materials in accordance with your company / local authorities regulations
Protective Gloves	Recommended
Respiratory Protection	Not required
Eye Protection	Use protective eyewear
Other PPE	Not Required
Reporting Requirements	As required by your company Health & Safety Policy

7. Handling & Storage	
Storage Conditions	Store at room temperature, usually about 20° C (68°F). Ensure Lid is firmly closed at all times
General Handling	Handle in accordance with good occupational hygiene and safety practices

8. Individual Exposure / Protection Control	
Occupational Exposure	For external use only. Do not use this product if you are sensitive to any of its ingredients. Please use this product only for the purpose for which it was intended and in accordance with the directions for use. Do not ingest. Avoid contact with the eyes. Keep out of children's reach. Always patch test clients before use

9. Physical & Chemical Properties	
Specific Gravity (H₂O=1)	Typical,
Vapour Density (Air=1)	N/A
Molecular Formula	C ₃₆ H ₆₀ O ₂ , C ₂₇ H ₄₄ O, C ₉ H ₁₆ Cl ₂ N ₄
Solubility in Water	Insoluble, but miscible in water
Appearance	Translucent Gel
Odour	Odourless

10. Stability & Reactivity	
Chemical Stability	Stable
Product Decomposition Warning	None
Dangerous Reactions	None, if excess heat is avoided
Incompatibility With Other Materials	Strong bases, slightly corrosive to metals
Decomposition Products	Thermal decomposition products may include oxides of carbon
Hazardous Polymerization	Will Not Occur

11. Toxicological Information	
Declaration	This is a Cosmetic product that is safe for use for consumers subject to a patch test prior to use. It is also safe for other users under intended and reasonable foreseeable use. This product is intended for implantation into the skin by trained professionals only. There have been no noted dangerous health effects caused by exposure to this product subject to the patch testing instructions being followed prior to use.

12. Ecological Information	
Declaration	Always use good work practices; do not knowingly dispose of the product into the environment. Use correct disposal methods at all times

13. Disposal Caution	
Disposal Information	This product is considered as non-toxic and non-hazardous waste depending on its use. Once it comes into contact with skin it then may be classed as contaminated waste and will need to be disposed of under the regulations set by your local authority.

14. Transportation Information	
Specific Risks	No Warnings to Indicate
International Transport Classification	Not Classified
ADM Road Transportation	Not Classified
RID/RPM Rail Transportation	Not Classified
IMO/IMDG Ship Transportation	Not Classified
DOT Shipping Name	N/A
DOT Hazard Class	N/A

15. Regulatory Information

Classification Type

European standard of compliance 76/768/EEC, registration no. ATS 2006302

All components of this product are either listed on the U.S Toxic Substances Control Act (TSCA) inventory of chemicals or are otherwise compliant with the TSCA regulations.

16. Other Information
